

Epson TM-m30II-S (011): USB + Ethernet + NES + Lightning + SD, White, PS, EU

The TM-m30II-S is a compact, stylish, all-in-one mPOS solution that combines printer and tablet stand to free up space at the point of sale.

Epson, the number one POS printer manufacturer in Europe¹, has developed this design-led, all-in-one mPOS solution for specialist shops, boutique outlets, small restaurants, bars, coffee shops, delis, pop ups and food trucks. It can even be used as a self-service hub thanks to its robust, compact design and a paper near end sensor that allows for unattended operation.

Advanced connectivity

This mPOS device boasts advanced hub functionality and a rich set of connectivity features and options. Peripherals such as scanners, keypads and scales, can connect directly with the TM-m30II-S and pass data directly to the tablet device. It also includes enhanced connectivity (USB and Ethernet) and Server Direct Print (SDP) and Cloud (OMS) intelligent functionality.

Compact and stylish

The TM-m30II-S is the compact and stylish mPOS solution that incorporates both printer and tablet stand. This frees up valuable countertop space and saves users time by not having to manage individual hardware components. It can also be installed both horizontally and vertically to allow more efficient space management. The discreet design fits seamlessly into most environments and it's available in black or white.
